POSITION ANNOUNCEMENT
St. Augustine, Florida

AVIATION LOGISTICS SUPPORT TECHNICIAN
Air Operations/Logistics

Starting Salary: $20.00 per hour, DOE
FLSA: Non-Exempt

Tactical Air Support was named Nevada Center for Entrepreneurial Technology (NCET) 2019 Aerospace/Aviation Company of the Year

Tactical Air Support, Inc., a national company headquartered in Reno, Nevada, provides government and aviation industry partners with unparalleled consulting and training experiences and is seeking an experienced Logistics Support Technician to join its growing maintenance and logistics team.

Tactical Air Support’s mission is to provide domestic and international Center of Excellence training and advisory services in tactical aviation, while supporting U.S. interests, and providing meaningful career opportunities for our employees. It is our goal to support and train U.S. forces and partner nations with premium services. Our motto is “We Serve Those Who Serve”.

To support Tactical Air Support’s fleet and customer requirements, the Logistics Division maintains over 17,000 line items of aircraft parts and is developing a comprehensive logistics support network of industry leaders. The Logistics Support Technician position is an integral part of an elite team of professionals who get things done, enjoy working together, and are committed to growing with this fast-moving company.

This position is located in St. Augustine, Florida. With a population close to 14,000, St. Augustine is the oldest European settlement in the United States and offers a rich history to be explored at museums and historical sites or recreational activities at nature parks and beaches. There is truly something for everyone. For more information about living in St. Augustine, check out https://livability.com/fl/st-augustine.

The ideal candidate for the Logistics Support Technician position will be professional, highly-productive, and responsive to the needs of the company, co-workers, and its customers, with a strong background and interest in logistical operations and inventory control in support of aircraft and flight operations. The daily functions include order fulfillment to multi-state company locations and other customers; issuing purchase orders and distribution of materials; research, validate, and initiate requisitions and daily correspondence and reports; and assist in the life cycle of products. The successful Logistics Support Technician must be familiar with Environmental, Health, and Safety regulations, policies, and mandated Quality Assurance, Security, Explosive Safety, and other applicable company program requirements.

The key desirable and preferred requirements for this position include:
- Significant experience specializing in an aviation/material control environment.
- Capable of maintaining an accurate accountability for on-hand inventory.
- Prior aviation logistical operations experience.
Must be proficient in Microsoft Office Suite, including Excel.
Familiarity with shipping, receiving, and handling of hazardous materials.
Strong interpersonal skills and ability to provide excellent customer service.
Strong organizational and time management skills.
Ability to manage multiple roles and projects.
Ability to cross-train into other specialties.
Ability to read, listen to, and understand information and ideas verbally and in writing.
Regular travel to various work sites throughout the U.S. may be required.
Ability to obtain U.S. government security clearance; must submit to criminal background check and pre-employment drug testing (including marijuana).
Creativity, positivity, and confidence.

The successful candidate for this position must be able to relocate/travel to the St. Augustine area. Tactical Air Support will not provide reimbursement for interview travel or relocation expenses.

The level of position and salary offered will be dependent upon experience and qualifications. If you are a dynamic, self-motivated, problem-solver who appreciates challenging yet rewarding work, with a keen interest in air operations and logistical support, Tactical Air invites you to apply. All applicants must submit a current resume and completed employment application, which may be obtained at https://tacticalairsupport.com/jobs/.

**The deadline to submit application is August 7, 2019**

If any candidate requires assistance in accessing or completing an employment application, please contact Human Resources at hr@tacticalairsupport.com.

*Tactical Air Support is proud to be an EOE AA M/F/Vet/Disability Employer*
LOGISTICS SUPPORT TECHNICIAN I, II, or III

Reports to: Director of Logistics, SVP/Chief Operations Officer
Classification: Non-Exempt
Date: 1 November 2017

TacAir Company Values:
- Integrity – we are honest and truthful in what we say and do.
- Excellence – we develop the highest quality people, products, and services.
- Respect – we are proven experts valued for our ability and experience.
- Reliability – we provide consistent, dependable, and trust performance.
- Commitment – we are dedicated to our mission, customers, and each other.

Employees are expected to apply and follow these principles in the performance of their respective duties:
- Pursue excellence and be accountable.
- Develop working knowledge of company programs and services.
- Learn and comply with company and departmental policies, protocols, and systems.
- Apply customer service practices and emotional intelligence to build professional and respectful relationships with co-workers, customers, public/private officials, partners, suppliers, local communities, and the general public.
- Be aware of safety program and policies and practice safe work habits.
- Perform quality work with or without direct supervision.
- Work collaboratively, cooperatively, and effectively with co-workers, managers, and stakeholders whether as a team player, team leader, or individual contributor.
- Serve as a mentor, coach, encourager, and motivator to fellow colleagues as needed.
- Exercise self-motivated, self-directed, independent, and mature decision-making, problem-solving, creative thinking, and analytical skills.
- Approach work with energy, a positive attitude, and sense of humor.
- Be flexible, adaptable to change, and willing to learn.
- Be a good steward of company resources, using time and resources wisely.
- Safeguard confidential and proprietary information in accordance with company and legal requirements.

Position Summary
Under general supervision, the Logistics Support Technician is responsible to coordinate the organization’s logistical operations and inventory control (receive, store inventory, issue, distribute, ship supplies, equipment, and materials) in support of aircraft and flight operations. The daily functions of this position will include order fulfillment to multi-state company locations and other customers, as directed; issue purchase orders and distribution of materials; research, validate, and initiate requisitions and daily correspondence and reports; and assist in the life cycle of products including acquisition, internal allocation, delivery, and final disposal. The successful Logistics Support Technician is responsible for the self-directed adherence to the Environmental, Health, and Safety regulations, policies, and mandated Quality Assurance, Security, Explosive Safety, and other applicable company program requirements. The position classification and level of responsibility will be determined by background, education, experience, and seniority.
Tactical Air Support, Inc and Associated Subsidiaries
